## SUMMARY

The Recreation Department had a successful year in 2013. Participation in our athletic programs was down slightly from 2012 to 2013. The department participated in several leagues with Hudson and Lenoir due to low numbers in certain leagues. In 2013, we worked on several projects with local scout groups to improve the conditions of our parks and playgrounds. In 2012, we installed a new filter system for the pool and 2013 was first season it was in operation and it was a huge success. This was the first of our CIP projects. The CIP project for 2013-14 is to replace the lower roof on the recreation center. This project should be completed in the spring of 2014. We were also able to repave a section of the walking track and will hopefully be able to complete that project in 2014-15. I would like to thank the manager, the mayor and the council for their continued support of recreation in Granite Falls.
